EDUCATION

Université de Pau et des Pays de l'Adour
Bachelor of Science in Computer Science

Started in September 2020 / Graduation in June 2023
GPA : 16.4/20

EXPERIENCE

Teleperformance   Customer Service Agent
April - September 2020

Helped US-based customers with their internet, cable and landline issues by following a troubleshooting process.

Pice-Software   Software Engineer Internship
September 2019

As intern in a small company where I developed a cross-platform application using the Xamarin framework.

MAJOR PROJECTS

But Its Google Images   Creator
August, 2021

Developed a python script that, given the name of a song, creates a video with that song and random images searched for in the song's lyrics.
- Researched and implemented "web-scraping" functions for searching and downloading audio and text files.
- Learned video and audio codecs as well as audio processing.

Ask SFDC   Creator
June - July, 2021

Developed a Unity-based game for mobile and desktop where you are asked questions on a roulette wheel. If you answer questions correctly you win, but if you have 3 wrong questions, you lose.
- Implemented Google's Firebase database to manage, authenticate and record users, user logs and question files.
- Applied file encryption and parsing.
- Developed a script to manage the application, users and files with admin permissions.

Lil Peep   Creator
December, 2020

Built a Discord bot using discord.js for the code and Heroku for its hosting.
- Search and usage of APIs for bot commands.
- Implemented audio streaming so the bot can play music or videos from a given name or link.

SupportHand   Cocreator
February – March, 2020

Developed and built an app-controlled robotic hand to assist in teaching sign language.
- Designed the parts of a hand and wrist using 3D software and its construction.
- Collaborated with a colleague to develop an Android app for controlling the hand as well as the controller for the hand's motors with Arduino.

EXTRACURRICULAR ACTIVITIES

Bronze medal at the XXIV Jalisco State Computer Olympics (OMIJAL). (March 2019).
Social service at "St. Pablo II-St. Bernardo Asylum" helping elderly people with their needs, as well as donating money obtained from washing cars. (July - August 2018).
Volunteer at "Villa de los Ninos A. C" teaching math and spanish to elementary and high school children. (February - April 2018).

LANGUAGUES

Spanish (Native), English (C1), French (B2)
